FOR IMMEDIATE RELEASE

UFP Factory Built Expands Elkhart Footprint with Acquisition of Certain Assets of National Supply LLC

GRAND RAPIDS, MI – July 24, 2025 – UFP Factory Built, a division of UFP Industries, Inc. (NASDAQ: UFPI), has announced its acquisition of certain assets of National Supply LLC, a leading supplier based in Elkhart, Indiana effective July 14, 2025. This strategic move further strengthens UFP Factory Built's position as a critical components and solutions provider to the recreational vehicle (RV) industry, building upon its previous acquisition of a manufacturing plant in Twin Falls, Idaho location.

National Supply LLC, a key partner to the RV manufacturing sector, is a material supplier to Forest River, a Berkshire Hathaway company and one of the largest RV manufacturers in North America. The acquisition of Elkhart based assets of National Supply, complements UFP Factory Built's distribution arm – UFP Distribution's product offering. This new acquisition and other recent strategic investments significantly enhance UFP Factory Built's ability to supply essential components to both motorized and towable segments of the RV industry.

“Many key employees critical to the day-to-day operation of the Elkhart-based facility of National Supply are joining our team. I am excited to welcome them to the team,” said Eric Brumbaugh, VP of UFP Distribution.

“This represents our commitment to deepen our relationships with the biggest players in the RV manufacturing industry and provide quality and innovation to RV construction.”, he added.

Executive VP of UFP Factory Built Chad Eastin reiterated that UFP will continue to make strategic investments to expand its product range and service capabilities to better serve its customers in the RV industry.
